OUTDOOR LIVING

# Welcome TO CHIC TEAK

Chic Teak is all about what makes England great: Supreme craftsmanship and elegant design, yet always ready to stand up to the elements year after year to make your outdoor lifestyle the very best it can possibly be.

For over 16 years we've been refining and honing our passion to the point where we are now the finest dealer of exquisite outdoor teak furniture in the land.

Available in modern and classical designs, Chic Teak offers you the absolute pinnacle of teak furniture that looks magnificent both inside and outside your home. While we only import the very finest teak from exotic locations from near-mythical locations such as Indonesia and Vietnam, rest assured that our wood is always sourced responsibly and ethically. Our priorities are you and environmental sustainability.

For millions of years evolution has forged teak into a unique and precious wood.

There's no other material like it. Its deep sensuous colours reflect the rich earth on which it grows; and as for its hard-wearing qualities – remember the saying, 'tough as teak'?

Taken from lovingly cultivated plantations, Chic Teak harvests the wood and creates unrivalled outdoor and garden furniture. Our craftsmen have honed their skills for many years and are regarded as some of the finest on the planet.

Read on and discover how to make your garden and outdoor relaxation perfect for England.

# Discover PEACE OF MIND

There's much to be said for the contentment you'll experience as you luxuriate in Chic Teak's superb garden or outdoor furniture. However it's not just the comfort and enhanced lifestyle that brings you peace of mind. You can rest easy thanks to our comprehensive ten year guarantee.\*

Furthermore, you can be sure that the superior material carefully chosen to make your furniture has been ethically harvested by ensuring supplier plantations adhere to international rules and regulations.

Indeed, we will only work with suppliers who share our passion for providing 100% sustainable timber and who adhere to control agencies with world-wide recognition.

For example, much of our teak has its origins in the plantations of faraway Indonesia. That government's control agency Perum Perhutani strictly monitors and controls the production of the teak at every step.

This is why many of our products are accredited by the world's leading sustainability body, the FSC (the Forest Stewardship Council). This means there is always a transparent track record of the teak's journey from the plantation right through to its final resting place in your garden or home.

At Chic Teak we are dedicated to being the very best at what we do. We go that extra mile to ensure the ultimate quality. From issues of sustainability through to service and value-for-money we desire to be the pinnacle. That's why you can be assured that our garden or outdoor furniture – in every way imaginable – is the very best there is.

Because we want it to be.

\* See website for terms & conditions.

# Designer CHIC

Here at Chic Teak, great design is the very essence of what we are. We've commissioned some of the most gifted and talented garden designers to create our furniture.

Leading British designer Michael Balston created a stunning range for us and this year we'll be importing furniture inspired by legendary Danish designer Jakob Berg. Famous for his relaxing and resting posture furniture, Berg continues to be an inspiration for us. With our soon to be launched stunning marine range, we create works that derive directly from his vision where ergonomic thoughtfulness interplays with social reflection.

'Everyone at Chic Teak believes that creativity, inspiration and imagination has to be at the heart of everything we do.'

# Al Fresco Life

## SUPERB TABLES

At Chic Teak we can help you to create a sensational outdoor dining experience. The stylish chairs offer unrivalled comfort while the teak tables with those thick chunky tops are sufficiently large enough to offer space for every guest. These are what makes that summer party or dinner such a memorable experience.

Our designs are supremely pleasing to the eye, yet come with that reassuring 10 year guarantee that means the good times will keep on giving for years to come.

# MAGNIFICENT CHAIRS

There's nothing quite like sitting down in one yourself to discover the exquisite comfort they provide for you and your guests. Go on...take a seat.

Many of our seats are anatomically sculpted and designed to fit your body like a glove, while those exquisite solid brass or stainless steel fittings convey genuine strength and superb quality. There's carver chairs for the head of the table, side chairs for friends and family, and folding or stacking chairs (with or without cushions) - ideal for unexpected late additions to the party.

Remember all our furniture comes with a 10 year guarantee and we deliver nationwide.

## BRILLIANT BENCHES

Sumptuous designs. Stunning carvings. Unrivalled craftsmanship. True luxury.

Just as it is with all our furniture, Chic Teak's benches are constructed with mortice and tenon joinery for superior strength, while the teak is carefully (and lovingly) prepared to stand fast against all that the British weather may throw at it.

Yet the sheer strength of our products will never overshadow their elegant beauty. See how we mix good old fashioned sturdiness with utter beauty: try our lovingly created designer benches, the romantic swing benches, and our opulent retro Victorian styles.

Our backless benches are the kind usually found in exclusive tennis clubs, country clubs and gyms, but we make them specially available for you!

At Chic Teak, a bench is not just a bench. A tree seat is not just a tree seat. They are works of art. With a 10 year guarantee and nationwide delivery.

1 - Imperial Bench - Available in 3 sizes - Reclaimed Teak 2 - Bali Bench - Available in 3 sizes

# PERFECT PLANTERS

The Chelsea Flower show is a festival of colour and vivid imagination. Every year a new idea and arrangement sets the trends for years to come. And that's how it was for us when we launched our wonderful new feature planter at the world's most famous celebration of flowers and outdoor designs: The Chelsea high level Versailles planter.

It was the latest fabulous addition to the UK's largest selection of teak planters that come in all shapes and sizes – square, rectangular, tall and low. And durability? Teak is already one of nature's toughest woods and we've enhanced its powers even further so our planters will remain strong for many, many years.

Combine that with our famous 10 year guarantee and you can be sure these superb planters will last and last...and last!

EXHIBITOR 2015

# Poolside luxury

## LUXURIOUS LOUNGERS

When you see (and touch and feel!) Chic Teak's breath-taking range of poolside and bar furniture, it's so easy to imagine yourself reclining beside your pool, luxuriating in sheer quality and luxury.

Of course, one of the many great things about teak is that it's incredibly tough.

Teak is waterproof, insect-proof and because of an abundance of natural minerals and oils, it doesn't rot. Combine these built-in qualities with our stunning designs and craftsmanship and you've got some very exclusive outdoor furniture that takes entertaining and your personal leisure to a whole new level. Indeed, such is our quality that we are regularly approached by the makers and owners of the world's most exclusive luxury yachts to provide furniture for a luxury life at sea.

Imagine relaxing on our stunning range of stacking or wheeled sun loungers, reclining chairs (they really are amazing), lounging chairs (so comfortable!), bar tables with those delicious muscular tops (perfect for summertime G&T's), bar stools, parasols and cantilever canopies. Prepare to experience outdoor furniture unlike any you've experienced before!

# Reclaimed TEAK

As part of our unwavering commitment to sustainability and the environment, here at Chic Teak we offer a range of beautiful furniture, skilfully crafted from reclaimed wood.

These unique pieces possess the warmth and character you only get from carefully selected reclaimed teak. The Chic Teak range includes Stools, Bar Stools and a range of extraordinary Tree Root Sculptures. These beautiful, organic sculptures are a visual feast and make the perfect focal point for any garden.

After the teak crop is harvested, the local indigenous people are employed to clear the plantation of tree roots. In the past these would just be destroyed, but thanks to a Chic Teak “Eureka” moment whilst visiting the plantation, these roots are now carefully cleaned then selected to create amazing garden sculptures – each one a unique example of nature’s art.

Rectangular Laurel Table with 2x3m Parasol in Harvest Wheat and 8 Bali Chairs

Southwood Farm, Dummer, Basingstoke. RG23 7LU
